

BIRDING

L Sydney & Beyond

Full-Day Birdwatching and Sydney Culture Tour Itinerary

You'll be joining a small group (max four guests), ensuring a personal and immersive experience with great opportunities to spot birds and share knowledge.

- The tour starts at 6:15 AM with pickup at The Hive Bar in Erskineville. We allow a 15-minute grace period for late arrivals, departing promptly at 6:30 AM. Reach out to us for customized pick-up options for full group (4 x guests) bookings.
- We begin with a stop in Marrickville for excellent coffee and bakery treats before heading to the Royal National Park.
- Arriving In Royal National Park we explore two different habitat locations: first, heathland/coastal in search of fascinating coastal bird species like White-bellied Sea Eagle, Eastern Whipbird, Rockwarbler, Beautiful Firetail, Little Wattlebird, and Chestnut-rumped Heathwren. and second, woodland/rainforest exploration in search of stunning bird species like Azure Kingfisher, Sulphur-crested Cockatoo, Green Catbird, Superb Lyrebird, Satin Bowerbird. Exploring different habitats to maximize the variety of bird species we encounter.
- We pause for lunch in Audley (*not included in the tour price*). Guests can bring their own lunch.
- Following lunch, we'll explore a third location in Royal National Park: wetland/mangrove/woodland in search of waterbird species like Little Pied/Pied/Little Black cormorant species, Royal Spoonbill, Grey and Chestnut Teal, Nankeen Night Heron
- The late-afternoon portion of the tour is tailored to the group's interests. We make the most of the golden hours before sunset — a prime time for bird activity — and seek out specific or elusive species we haven't yet spotted. Depending on timing, we continue exploring the Royal National Park or venture further afield.
- Then at sunset it's time to unwind in nature. Take a moment to recharge with a cup of smooth, rich locally roasted coffee or tea, or relax with a locally brewed beer or cider paired with delicious snacks, as we reflect on the day's sightings. All of this, surrounded by the breathtaking beauty of a National Park or Reserve—a perfect blend of adventure and relaxation!
- Leaving our last chosen birding spot, we return to the pick-up location at the Hive Bar. Erskineville at 7:30pm/Sunset/Time Suitable to Group. For group bookings contact us for a drop off at preferred location option.
